## WHEAT-CLUMPING

Has a Toboggan Slide Movement.—The Bears Getting In Their Work.

## ANOTHER OUTRAGE REPORTED

Strikers and Coal Operators Fail to Come to an Agreement.

## OTHER LATE TELEGRAPHIC NEWS.

Chicago, Aug. 24.—Wheat took a terrible slump today and dropped from 96, the opening figure, to 85 at noon and closed at 91 3/4. December wheat closed at 90 3/4. Corn followed suit and dropped from 32 to 30 3/4. The market was characterized by variations, falling and rallying. The cause of the slump was heavy selling and lower cables.

## TWO MORE MOBS.

But Assembling for Far Different Purposes.

Mt. Sterling, Ky., Aug. 24.—A negro assaulted Miss Mary Conlee this morning and terribly bruised and beat her. She escaped after a desperate struggle. A posse is after the negro.

Fayetteville, W. Va., Aug. 24.—A mob of colored men gathered to prevent the hanging of Jerry Brown this afternoon. A small race war is feared.

## NO AGREEMENT YET.

The Conference of Strikers and Operators Does Nothing.

Pittsburg, Aug. 24.—The conference of strikers and operators came to no agreement, and the conference adjourned.

The following were the propositions submitted on both sides:  
By the miners: Miners to resume work at the 60 cent rate, pending the decision of a board of arbitration.  
By the operators: Miners to resume work at the 64 cent rate, pending a decision of a board of arbitration.

Miners to resume work at an intermediate rate between the rate demanded and the one paid prior to suspension, pending a decision of a board of arbitration.  
Miners to resume operations with a price named, pending a decision of the board of arbitration.

The operators now say that they will resume with non-union labor.

## FORTUNATE CHRISTIAN.

Dollar Wheat Means Great Things for the Farmers of That County.

Hopkinsville, Ky., Aug. 23.—A special to the Louisville "Times" says W. T. Cooper, acting for himself and two other growers, Sunday sold to the Crescent Milling Company 17,000 bushels of cash wheat at 61 per bushel. Many farmers are so jubilant over the good prices, and most of them will let their crops go at \$1.

The Christian county crop is estimated at a million bushels, and a price of fifty cents means a half million dollars to the farmers, as but few of them have sold.

Distiller Crabb Arrested.  
New Castle, Ky., Aug. 24.—A warrant has been issued charging distiller Crabb with fraudulently selling 170 barrels of whisky. He will be arrested this afternoon.

## BOILER LET GO.

Three Men Killed at Cairo Yesterday.

## ALL BUT ONE COLORED.

Eight Others Were Badly Injured.—Boiler Burst at Halliday's Brickyard.

## CAUSE OF EXPLOSION UNKNOWN.

Cairo was thrown into great excitement yesterday morning about 7 o'clock by the explosion of a big boiler at the brickyard of W. R. Halliday & Co. The dead are: RULEY BRADLEY, engineer. GIDEON RICKS. HENRY SCHILLER. Schiller is the only white man killed or injured. The first two are colored, and in addition eight colored men were badly injured, but will not necessarily die. The cause of the explosion has not yet been determined.

## A NEW ORDINANCE

Regulating the Imprisonment of Malefactors.

Marshal Collins Thinks Paducah is Badly in Need of One.

Marshal Collins thinks that Paducah ought to have some ordinance regulating the confinement of prisoners in the lockup. When a man is sent to the lockup he is given credit for every day he does not work, and is fed at the city's expense, just the same as when he works. Marshal Collins thinks this ought to be changed, as a great many times prisoners play off on the overseer of the chain gang and thus evade justice. In many cases a man is charged for his shoes and clothing, and for every day he is sick, rainy days and Sundays.

Frank Haffey is one prisoner who for some reason is never made to work when he is fined, according to Marshal Collins. He now has a good hand, and Marshal Collins thinks he might as well be turned loose as a matter.

## A GENERAL FIGHT

Proves to be Only a Little Excitement.

Recordings of Today's Police Court Session.

George Brown, Oscar Roberts, Peter Lee, John Brown and Ben Collins were before Judge Sanders this morning charged with engaging in a general fight at a South Third street wagon yard yesterday. The evidence showed, however, that George Brown and Peter Lee were the only participants, and they were fined \$5 and costs, the others being discharged.

A breach of the peace case against J. H. Hubbard was filed away.

The nuisance case against Mr. R. H. Woodcock was left open. The case against Thos. Miller, colored, charged with using insulting language towards Isom Elam's wife, was dismissed. Miller is too old to work, and imprisonment would be a dead expense to the city if he were fined, and it is probably well that he was discharged. Elam gave him sufficient punishment for his offense, anyhow.

## DREW A KNIFE.

Officer Crow Comes Near Having to Shoot Henry Slighther.

Coroner Name. Henry Slighther, colored, was charged with a disorderly manner near N. and Court streets when Officer Crow saw him and remonstrated with him. He refused to be so remonstrated with, and the officer informed him that if he did not stop he would have to arrest him. "You might if you were man enough," was the derisive reply, and the officer drew an open knife and held it in a threatening manner, whereupon the officer threw his pistol into the man's face and ordered him to drop the knife. If he had not immediately complied with the request, Officer Crow says he would have shot him. Slighther was locked up for disorderly conduct and resisting an officer.

## FROM A FLUE.

Young Man Named Melton Loses His Horse.

A young man named Melton, who has not long been a resident of Paducah, had the misfortune of losing his horse, smoke house, barn, and house, and a fact every one saw, by fire yesterday morning.

## LACKED A LEADER.

And This is Why the Mob Did Not Hang Tutt.

## GREAT EXCITEMENT AT MAYFIELD

Particulars of the Black Brute's Bloody Grime, Which May be Avenged.

## SHOT HER WITHOUT PROVOCATION.

There were excellent prospects for a lynching at Mayfield last night, but owing to the lack of leadership the mob failed to get in its work.

There was considerable excitement and it was thought certain that Will Tutt, who so notoriously killed his wife, would be hanged.

Tutt, who is a curly negro, quarreled with his wife over a trip she wanted to take against his will, and fired five shots into her body, killing her instantly. The woman's sister, in trying to interfere, had her arm burned badly from the fire of the pistol. The woman dropped instantly in a pool of blood and the fiend escaped through a back door.

A posse of about 200 men, black and white, gave chase, and he was caught about a mile north of town. The father and brother of the dead woman were in the lead of the crowd and were the ones who first caught him. They had just found him and would have killed him with sticks and stones but for the timely arrival of Deputy Constable Ed Neale, who arrested him at once and brought him to the city, followed by an angry mob of people.

Cries of "Sting him up!" and "Shoot him!" were heard above the loud talk, but no demonstration was made. He was taken to jail, but it was openly talked by the blacks that they would not permit a trial to be had in the courts. Everything is excitement, and there is no sympathy for the brute.

The woman killed was a favorite among the colored people, and her death will likely be speedily avenged. Two of the shots struck the woman in the arm, two in the head and one pierced her heart. The family were in another room at the time of the killing, and the sister who rushed in was hurt on the arm and fainted. It was thought for a while that he had killed both until the sister revived.

The cause of the murder was a trip to Columbus, Ky., which the wife was intending to make. To this he objected with the above result. Guards were placed at the jail to prevent a mob, but the negroes seemed determined to mete out a sure and quick death.

Tutt came from Tennessee about a year ago and married the girl, and this is the second time he had threatened her life. Last week he drew a gun on her, but was prevented from using it by a friend. The murder has thrown the entire town into intense excitement.

Crowds congregated in various portions of the city last night, but no one bold enough to assume the leadership was found.

A telegram from Mayfield this afternoon announces that there is still great excitement, especially among the colored people, who declare they will hang Tutt, and that it would not be a surprise to the people there if he were hanged tonight.

Later.—Mayfield, Ky., Aug. 24.—The negroes have organized to lynch Tutt, the brutal negro wife murderer, tonight. The guard has been withdrawn from the jail, and the negroes will take advantage of that fact.

## DEATH OF MR. A. A. DANIELS.

Former Paducah I. C. Official Dies In Louisville.

## MASTER MECHANIC OF B. & O.

Notes of Interest Concerning the Railroad and Its Men.

## THE NEW MILEAGE BOOK.

Mr. A. A. Daniels, until a few months ago foreman at the I. C. shops here, died at a Louisville infirmary this morning, after a lengthy illness.

He was at the time of his death Master Mechanic of the B. & O. at Louisville.

Mr. Daniels was in ill health when he left Paducah, and at one time his condition was considered hopeless. His many friends here will be grieved to learn of his death. The remains will likely be taken to his old home in the east for burial.

All the Louisville ticket agents and conductors have received copies of instructions and rules governing the sale of the new 1000 mile interchangeable tickets which go into effect September 1. The new tickets will be sold for \$30, and good one year from date of sale. The name of the purchaser must be written in ink on the ticket accompanied by the address. The name and address of the firm represented, if the purchaser is a commercial traveler, must also be written on the ticket. When the ticket is sold to a married woman she must write her name in full. If her husband's name is John A. Smith and her name is Mary C. Smith, she must write her name and not Mrs. John A. Smith.

The ticket itself will not be honored on a train, but its mileage coupons will be accepted by an agent who will give in exchange a mileage exchange train ticket. These exchange tickets must be signed by the holder in the train at the request of the conductor. If the cover of the mileage book is returned to the commissioner of the Central Passenger Association at Chicago within eight months after it is bought, a rebate of \$10 will be allowed.

One significant instruction to conductors is that they need have no controversy with the passenger regarding his or her signature. In case the number and form of the mileage ticket presented should not correctly compare with the form and number given on the exchange ticket that fact is to be noted in his report, but nothing is to be said to the passenger about it. This is thought to mean that if cases of this sort are found, the roads will simply refuse to pay the rebate of \$10 at the end of the year, on the grounds that some one other than the original purchaser has used the ticket and therefore the contract was violated.

Thomas Walters, whose arm was cut off yesterday at Gravel Switch, was warned just a few moments before he fell of the danger to which he was exposing himself. Had he heeded the warning he would probably have escaped.

NO GAS TODAY.

A Man Becomes Clogged With Water.

Consumers of gas were surprised this morning when they found that there was no gas to be had. When they found there was no gas to be had they all, from the remotest parts of town to the center of the business portion, began trying to know the reason why.

The telephone at the gas company's office was kept so busy that it would have been the average man's duty to attempt to answer all the questions with which he would have been pelted. Therefore no one could get the gas company's office.

They began going round in person, and Sept. Matt. informed all who called that a main was filled with water, and that it would be some time before everything would be in working order again.

Labors were put to work excavating for the main in various places on the streets, and Sept. Matt. thought that, by 3 o'clock, all consumers could get gas.

The water in the mains is very peculiar, being white, and it has not yet been ascertained from where it came.
